Overarching Aims

- Improved management of all LTCs
- Life to Years and Years to Life
- Shift of power
- Focus on outcomes
- Joined up health and social services
- Personalisation

Darzi Road Map

1

Building capacity in the system

- NHS Plan saw greatest investment in the history of the NHS
- More doctors, more nurses, better facilities

2

Introducing the reforms

- Patient choice and payment by results
- Foundation trusts
- Stronger commissioning

3

High quality care for all

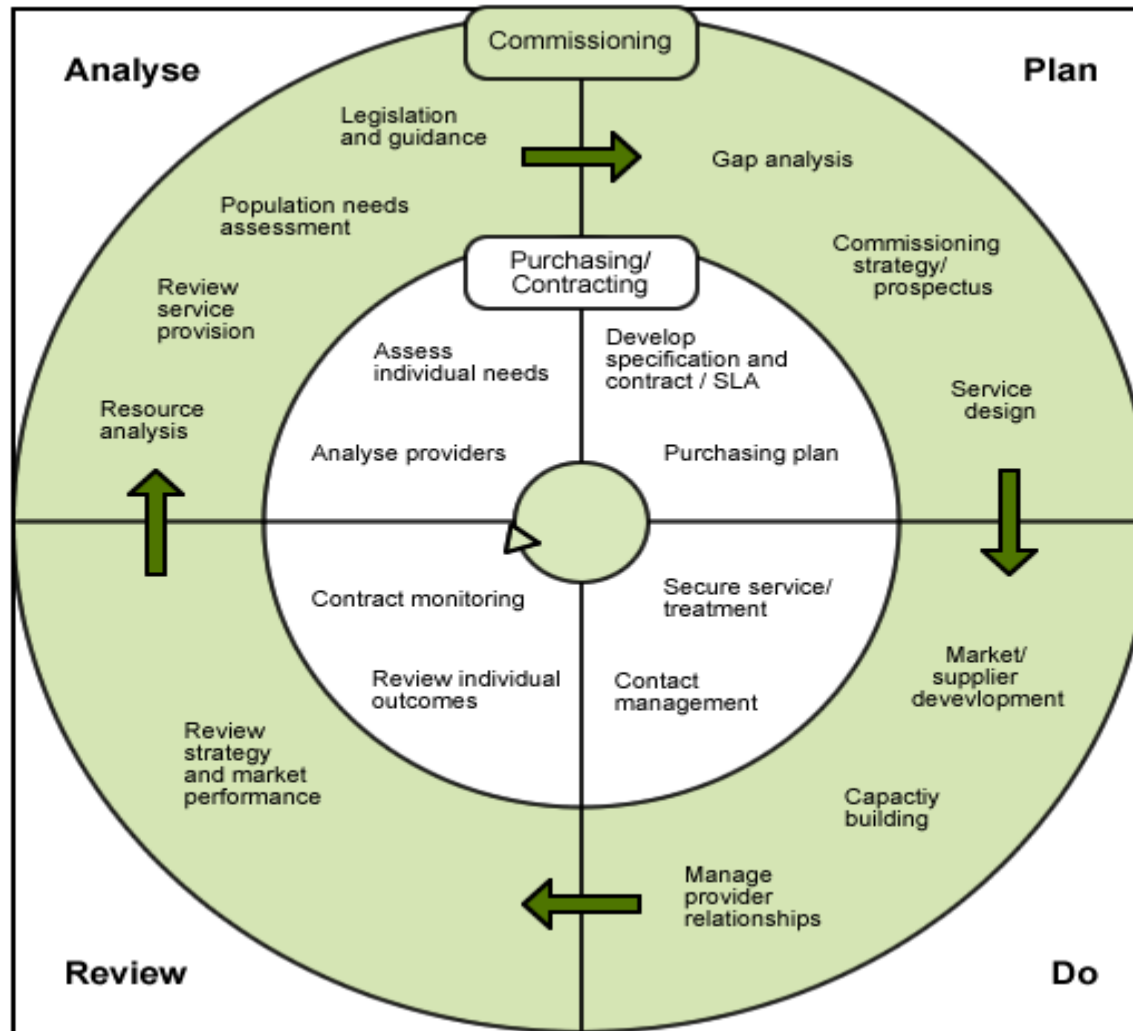

- NHS Next Stage Review local clinical visions, national enabling report and NHS Constitution

New Initiatives

- Your Health Your Way – Choices website
NHS Constitution
- Commissioning for Personalised Care
Plans
- Common Assessment Framework
- Health and Social Care Individual
Budgets
- Self Care – LTC Model
- Information Prescriptions

The Commissioning Cycle

What do we need to do?

Understand the environment.

Understand the market place

- Choice
- Open to new ideas
- Timing
- Prove quality

Commissioners must:

- Understand how personalised care supports WCC
- Use strategic partnerships
- Work with people who use our services
- Work with providers to create a framework enabling personalisation initiatives
- Understand how personalisation will be monitored and measured
